OFFICE OF  
SOLID WASTE AND EMERGENCY  
RESPONSE

**MEMORANDUM**

**SUBJECT:** Construction Completion for the Winthrop Landfill Superfund Site

**FROM:** Murray Newton, Director  
Region 1/9 Accelerated Response Center  
Office of Emergency and Remedial Response

**TO:** Don Berger, Chief  
Remediation and Restoration Branch II  
Office of Remediation and Restoration

The purpose of this memorandum is follow up on the discussions which occurred in early October between Region 1 and Headquarters concerning the the Winthrop Landfill site.

I understand that the installation of the additional extraction well and associated piping is now complete, and the Region does not anticipate any additional construction to occur at the site. If that is correct, we would appreciate your sending us written confirmation, in the form of an addendum to the PCOR you have already submitted, so that Headquarters can assign the Winthrop Landfill site a construction completion number and count it for fiscal year 1998.

If you have any questions, please feel free to contact Mike Hurd of my staff. Mike's telephone number is (703) 603-8836. Thank you.
